UNION WINS INTERCOLLEGIATE DEBATE

On Wednesday evening was held in the Union College Chapel the first intercollegiate debate between that institution and Hamilton. Dean Ripton presided as chairman of the debate. The judges were Dr. Howard J. Rogers and Judge Alden Chester of Albany and Henry W. Darling of Schenectady. Our team spoke in the following order: Watson, Anibal and Williams, the reverse order being followed in rebuttal. Rifenbark, '09, attended as alternate. The question was stated in last week's LIFE.

While the decision of the judges was unanimous in favor of the negative, they commended the debators of both teams most heartily for the high standard of debating maintained throughout.

After the Glee Club had rendered a selection, Watson opened the debate on a clear and fair basis, which was not contested by the negative. La Crosse was the first negative speaker, and maintained the impossibility and impracticability of considering our currency and banking systems the dominant cause of the panic. He assigned other causes, such as the over-extension of credit and the destruction of capital. Anibal pointed out the defects in our reserve system in banking, and Williams showed the general inadequacy of our currency system. The negative brought several causes forward for the panic, which were well met by their opponents in the rebuttal, but they contended, and with some point, that the affirmative had merely pointed out defects in the present systems without proving them to be a dominant cause in the recent panic. The team worked hard and did well; for this they deserve much credit. We will meet Union in debate here next year.

RECORDS SMASHED

Last Wednesday evening the Gym Show was held in the Soper Gymnasium. The men showed the result of "Uncle" John's work and training, as their performances proved.

The first events of the evening were held on the track. Smith '08, broke the record for the 880-yard run, making as his time 2 minutes 23 seconds, 15 seconds faster than the former time. Knox, '10, also ran in record-breaking time. Stube, '10, and Renwick, '10, ran the mile, the former making the twenty-four laps in fast time. However, Smith, '08, broke this record also later in the evening by six seconds. The next event was the potato race, in which Smith, '08, finished first, Spencer, '09, second, and Day, '11, third. Time, 1 minute 40 seconds.

Wilder, '11, cleared 8 feet 2½ inches under the low bar. The high dive fell to Roenke, '09, who dove 5 feet 6 inches. Wisehart, '11, won the standing high kick at 7 feet 6 inches, while Titus, '10, kicked 8 feet 6 inches in the running high kick, breaking the former record by one inch.

Following these events "Uncle John," Sherman, '06, Evans, '09, and Colson, '11, gave a fine exhibition of tumbling.

Baldwin, '10, put the shot (16 pounds) 35 feet 7 inches, breaking the former record by 14 inches. The high jump was won by Leavenworth, '10, jumping 5 feet 2 inches. Leavenworth, Judson, Hallock, '10, Day, Willard and Colson, '11, followed this with some good stunts on the flying rings. Sherman, '06, was on hand for this event also.

Hastings, '10, put up the 100-pound dumbbell 17 times, while "Uncle" John and Richardson, '11, each raised it once with one hand. Another record, that of the pole vault, was broken by Leavenworth, '10, who cleared 9 feet 6 inches. The rope climbing contest was won by Martin, '11. The next event, the spring board, afforded much amusement. In this "Uncle" carried off the laurels, but Colson, Willard and Day showed up well. After this event "Uncle," Sherman, '06, Evans, '09, and Willard, '11, gave stunts on the parallel bars.

The evening's entertainment was finished by a bag punching exhibition by Coston, '11. Hatfield, '09, and Leavenworth, '10, tied in their wrestling match, while Martin, '11, won two falls from Wilder, '11. Thomas, '09, and Spencer, '09, participated in a skillful boxing bout, Thomas appearing a little fresher at the end of the three minutes than his opponent.

The Gym Show was worth while. Six records were broken and every event displayed excellent material. "Uncle John" deserves commendation, and all the participants are to be congratulated for their efforts in making the Gym Show of 1908 a great success.

BOWLING RECORDS

The first round of the individual tournament is practically finished. The following are the scores. Figures before names indicate relative positions. Asterisks indicate that contestant won his first round match. Getman, '11, is practically sure to be a finalist for the College championship with his 529 for the first round. Smith, '08, would have beaten this but, he missed two easy spares in his last game. Titus has high series for the tournament thus far, getting 534 in his second round match. The scores, first round:

RESUME OF TERM'S BOWLING

That there is especially fine bowling material in College is certain. The majority of good bowlers are found in 1911. Getman has shown himself to be a master of the game and is considered by most the best bowler in College. His form is excellent and more important, he is very steady, with an average of 179. G. Smith, '08, is the most brilliant bowler with his tied alley record of 230, and hs day records. He is erratic, however, and not always to be relied upon. His average in tournaments has been 169. Gouge, '11, is also in the front rank, steadier than Smith but not so high as Getman He has rolled his beautiful cross-alley ball to a tournament average of 164. Richardson, '11, has rolled in tournaments a steady game, always near his average of 155. Titus, '10, is all ups and downs, now rolling below 100 and again nearer 200. His 534 in the second round of the Individual has not been surpassed. His tournament av-

WITH THIS ISSUE the helm of LIFE changes hands. The course of LIFE, however, will not be altered, and the past direction, the benefit of Hamilton, will be held unswervingly, her helmsman guided solely by the compass of College interests.

THIS IS THE LAST ISSUE of LIFE before the College disperses for its vacation Let that vacation be no cessation from working for Hamilton. Let it be made worth while by a concrete good—the influencing of some wavering sub-Freshman toward this Hilltop. This is the stage when a fellow makes up his mind as to his future Alma Mater. If you are a friend of anyone who is at such a crisis, you owe him the duty (not to speak of your duty to Hamilton) of bending his leanings this way. If you are not his friend, it means but a practical application of that too-often-absent theory that you profess to possess concerning ethics and altruism. Any man you may cause to come here, will some day find himself lacking in an adequate expression of gratitude toward you. It is a favor that no mortal can repay.

The Musical Clubs are to do effective work for the College this vacation. Their skill and demeanor will do much to enhance Hamilton's fame. How about *you? You* should feel the pangs of duty undone if you come back here without having made a date with some unenlightened seeker of a College for a visit here next Spring when Fair Hamilton is fairest. And the pangs of duty undone are pleasant things to *avoid.*

THE EASTER TRIP of the Musical Clubs has been arranged. It is substantially the same as last year. Much difficulty was encountered in forming the schedule, owing to "hard times." And it is for this reason that every Hamilton man should do even more than last year in endeavoring to make the trip a success. The Clubs have done *their* share; *their* success eclipses all past attainments. They are easily the best aggregation that has ever represented Hamilton. Nor are they far below the standard of any college musical club in the country. Hamilton men are to be proud of them, and although every alumnus should and would work for them, regardless of their quality, yet there is still more reason (if that be possible) why this year the Clubs deserve energetic support. We appeal to *you,* Alumni!

LIFE VENTURES a departure this week in the shape of a Basketball Supplement. LIFE feels warranted in this step for two reasons: First, a supplement of this sort is most desirable as an aid to reminiscences. Second, any recognition that the team of 1908 may receive, no matter what it is, is but paltry to what they deserve. They have won many laurels, and we are proud of them. This, then, our expression of appreciation. But there is a man other than the players and the manager whom we cannot but praise, Prof. Sicard. As coach, he executed his duties faultlessly and with great credit. Nor is the College body by any means exempt from congratulations.

WE THINK it not amiss to say a word in these columns concerning that time-honored institution—the flag row—which occurs at the opening of Spring Term. The College body knows what this occasion is and realizes that it furnishes an opportunity to foster that healthy spirit of class rivalry which is so necessary for the establishing of a fine *esprit de corps* which should be the boast of every college. For, if a man is not loyal to his class with that ready enthusiasm which will carry out class undertakings against obstacles, he cannot be expected to possess any similar zeal for the larger interests of his college. Therefore we urge upon both of the underclasses that they make this flag row all that it ought to be. To do this there must be hearty co-operation and rivalry, and no half-hearted spirit of indifference. It is the last class contest of the year—make it a good one.

THE EASTER TRIP

The preparations for the Easter trip of the Musical Clubs are nearing completion, and the anticipations of the members of the clubs are raised high in hopes of a record-breaking success. The Clubs have never before been so good, and have never had a better program to render. The management announces the following schedule: Friday, March 27th, Gloversville; Saturday, Binghamton; Monday, Unadilla; Tuesday, Albany; Wednesday, Newburgh; Thursday, Yonkers; Friday, Tarrytown, Sat., Brooklyn; Monday, New Rochelle.

Anyone desiring tickets for either the Albany or Brooklyn concert will find it to their advantage to obtain same from Manager Soper at once.

THE COLGATE GAME

Last Friday the Basketball Season came to an end when Colgate won a sensational contest in the Soper Gymnasium by the score of 27 to 20. Victory was in the air every minute of the time and did not come to earth until the final whistle. As the closeness of the score testifies, Hamilton displayed fully the skill of the visitors. Colgate started the scoring and Allen threw a foul for Hamilton. With the score a tie, Captain Smith was forced to retire in favor of Welch. Subsequently Colgate obtained a lead which was held for the rest of the game. The first half ended 11-9 in Colgate's favor

Hamilton started off the second half by making good on some signal plays from the tip-off, and things looked hopeful. But Colgate finally won the game by the accuracy of their long shots. Conklin took Allen's place toward the very end.

For Hamilton, Wilson played the best game, not only guarding the elusive Moore effectively, but also adding six points to our tally. The rest of the team, with the exception of Allen, played games that surpassed all their previous efforts. Allen, however, was decidedly out of condition.

THE SEASON OF 1908

Basketball for 1908 is over, and with the close of the season, one of the best teams we have ever put on the floor passes into history.

At the beginning of the term, the team faced the hard schedule with a hard luck story never before equaled. Captain Smith was out of the game with a wrenched knee: Wilson, our best guard, could play no games off our own floor, and Conklin was temporarily disabled by a "charley horse." With the only practice game cancelled by the powers that be, the team went to Hamilton and played the Colgate five off their feet, making the best score that a Hamilton team has ever made on the Colgate floor. Rochester, with unquestionably the fastest team in the state, defeated us twice, but in neither game did our score compare at all unfavorably with our opponents. Union went down before us in both games, and Oberlin last year,s champions of Ohio, and N. Y. U. each dipped her colors. Of the quality of the playing on the Eastern trip, too much cannot be said. Never before have we won more than a single game on any trip. This year we captured two, and demonstrated our ability to play clean basketball by not having a foul called on us in the Williams game. At New Brunswick we showed our mettle by defeating the fast Rutgers team, after the score at the end of the first half showed against us. And then the Colgate game? No need to comment. Those who saw know, and those who did not see, should have. We were beaten. The season is ended, and it remains only to give LIFE'S usual comment on the individual players.

G. B. SMITH, CAPT

CAPTAIN SMITH, unfortunately, did not give us as much opportunity to judge his work as we desired. He was able to play in only four games, two of these being on the trip. The team missed him sorely. Fast, aggressive, cool and heady, he is an ideal player and above all has the ability to keep the men working their hardest. It was very noticeable when he was not in the game.

Without hesitancy we say that WILSON played the best game of the year. Not brilliant, but steady, he was always where he should have been, and very often where some one else ought to have been, and often saved baskets for his team by guarding other men than his own. He is always cool in emergencies and is accurate in shooting. Taking into consideration the fact that this was his first year at guard, his work deserves hearty commendation.

WELCH has been unfortunate this year. Handicapped with a weak wrist, he did not play his game any stage of the season. When the shift of positions came after the second Rochester game, it left Welch in a position of which he was totally ignorant. His game at guard however was up to the standard. He is fast, accurate in passing, a good dribbler and very hard to put out of the play. His floor work has been excellent, but his hard luck in shooting lost us many a well earned basket. His fault is a tendency to loaf and to follow the ball too closely, thereby losing his man.

SHERWIN at center is the best man we have ever had for that position. His work this year shows that he has profited by experience. Big, reasonably fast, a clean hard player and a first class shot, he has a great future before him. His main fault is his inability to cover his man. He seems to lose track of him, and often stands under his own basket while his opponent cages the ball at the other end of the floor. The first "don't" that Sherwin should learn is "don't dribble until you become faster on your feet."

ROENKE at guard was a disappointment. He seemed unable to cover his man, and too anxious to throw all the baskets himself. At forward he was better, but had the same fault as before, although in the latter position it created less havoc. This is Roenke's main fault which, coupled with his wild passing, makes him erratic and and uncertain of himself. He is remarkably fast and an excellent shot, but shows a great desire to let his team-mates do most of the work. A year's experience will do him a world of good.

ALLEN the only Freshman to make the team, showed up well. He has a wonderful eye for the basket and handles the ball with great dexterity. His greatest fault is a lack of self-confidence, and a *penchant* for becomming nervous. He is afraid of himself, the ball and his team-mates. He is also likely to be a little selfish, and try to shoot the baskets himself, but experience will eliminate both of these difficulties.

Of the Substitutes HOPKINS was by far the best. A close coverer, he was in the game at all stages. The trouble with Hopkins is that he is too easily rattled both in passing and shooting.

CONKLIN unfortunately was kept out of the game for the greater part of the season. The team missed him badly. He is a most aggressive player, and uses every ounce of strength in playing. Let us hope for better luck for him next season.

In BATE we had a Substitute for every position on the team. Though by no means a brilliant player, he is a consistent worker. His faults are a desire to rough things up and to hold. Too many fouls were called on him. His regularity in attending practice deserves great commendation.

The Freshmen, NIXON and GETMAN, were inexperienced. Fast and accurate in their shooting and passing, we look for big things from them in the future.

P. B. WILLIAMS, MANAGER.

The team as a whole lacked headwork and experience. The manifold changes made necessary by injuries and the lack of cuts kept each man uncertain as to his team mates. Such uncertainty seriously hindered team work. But most of all did the team feel the absence of the captain, and to this we may attribute two of our defeats, the Colgate and Rochester.

The shooting of the team was excellent, better than has ever been. In only one game did the score board show less than twenty points for Hamilton. The men, however, did not cover their opponents. Time and time again the players of the opposing team were given free shots, and in the majority of cases they made good.

The worst fault of the team was its loafing proclivity. This told against us. A team that does not work all the time cannot win. This is the main lesson to be learned from the season of 1908. Profit, players of 1909.

We lose only one man from this year's team. Things look bright for next year, and with hard work and CONSISTENT TRAINING, we may look forward with confidence to the season of 1909.

Nor must we forget the man who managed so successfully the successful season, Williams. As a manager he was competent to the highest degree and worked hard for both the comfort of the team and the success of his department's finances.

ton and Vice President Dr. Huntington, Treasurer Eugene Raines of Rochester presided.

The Union voted to award the pennant for the largest number of games won in football to Colgate, and to award the basketball pennant to Rochester. By unavoidable circumstances Colgate was unable to arrange a football game with Rochester, and consequently she voluntarily announced that she would drop out of the race for the football pennant next year.

The Secretary was instructed to notify the different colleges to send their delegates to the next meeting prepared to vote on the proposed amendment to the by-laws that each college in the league must arrange each year a full schedule in every branch of athletics with each of the other colleges in the league, a full schedule being interpreted by the constitution of the union as consisting of one meeting in football and track, and two games in baseball and basketball.

It was decided to hold the next intercollegiate track meet in Utica, at Utica Park. Henderson, '08, A. J. Foley of Utica and Prof. H. O. Whitnal of Colgate were appointed as a committee to make arrangements for this meet. The report of the Treasurer showed a balance on hand of $146.76.

The medals of award for the meet held by the Union at Crittenden Park, in Rochester, May 30th, 1905, have finally been distributed. They are gold, silver and bronze for first, second and third places, respectively, and are of exceptional beauty. They have been received by the following Hamilton men:

Sicard, '06, third place in the 120-yard hurdle; Meeker, '07, third place in the one-mile run; Roosa, '06, second place in the 440-yard dash; Bramley, '06, third place in the 440-yard dash; H. W. Smith, '08, second place in the two-mile run; H. K. Holley, '08, second place in the 220-yard hurdle; Roosa, '06, third place in the 220-yard hurdle; Sicard, '06, second place in the 220-yard dash; Sherman, ex. '08, second place in the shot put; H. K. Holley, '06, and Scoon, '07, tied for third place in the pole vault; Carroll, '06, first place in the high jump; Bagg, '07, second place in the high jump; Sherman, ex. '08, third place in the hammer throw; Ferris, '06, first place in the broad jump; H. K. Holley, '08, second place in the broad jump.

THE CHARLATANS DINE

The Charlatans dined last Saturday with all the zest and gaiety that accrues when the purse is untouched. The dinner was given at the Yahnundahsis Club, and every member, eighteen in all, attended, because—well, charitably, because of their interest in the drama, especially since that art centered about appetizing viands. Prof. Shepard was unable to attend, but Prof. Sicard, "mistress of the robes," acted as chaperone. After dinner the company gathered about the ingle for a good song, and then the members went their various ways. Some of them, it is rumored, seized by the mummer's traditional mania for the track, walked back to the Hill.

THE CLASS GAMES

Last Monday evening in the Gym was witnessed the last of the series of interclass games. To 1909 goes the championship.

The first game was Juniors vs. Freshmen. The Freshmen were clearly outclassed throughout and developed none of the fine team work they have been noted for. The score at the end of the half was: Juniors 12, Freshmen 5. In the second half, the first few minutes of play showed some improvement in the Freshmen, but the Juniors proved too effective in passing and in finding the basket. Wilson played well for the Juniors and Allen for the Freshmen. The final score was: Juniors 23, Freshmen 14. The teams lined up as follows:

JUNIORS 23	FRESHMEN 14
Left Forward	
Butler (H. Osborne)	Gardner
Right Forward	
Roenke	Nixon
Center	
Wilson	Allen (Capt.)
Left Guard	
Conklin (Capt.)	Getman
Right Guard	
Hopkins	Sidle

Referee, McGarry, '09; Timekeeper, Fraser, '08.

The second game was played between the Seniors and the Sophomores. The latter showed their superiority over their opponents from the start. Neither team, however, was able to find the basket for more than a few shots. The score at the end of the half stood 6-3 in favor of 1910.

The second half started very loosely. Towards the middle of the half the Seniors picked up considerably and took the lead. Sherwin went in for the last few minutes of play, which greatly strengthened the team, but he was unable to save defeat. The final score was: Seniors 13, Sophomores 11.

The line-up was as follows:

SENIORS 13	SOPHOMORES 11
Left Forward	
W. Jones	Hastings
Right Forward	
Babcock	Wheeler
Center	
Cody	Wills (Sherwin)
Left Guard	
H. Smith	Sarles
Right Guard	
Bate	J. Judson

Referee, A. Holley; Timekeeper, Fraser, '08.

Continued from p. 2.

erage is 158. Sarles, '10, too, is very erratic. His 230, made the second game on the new alleys, still stands as the alley record. His form is good but not steady. He has averaged 143 in tournament work. The advance of White, '08, has been almost cyclonic. He never bowled before, and in less than a month has become one of the best bowlers in College. Two of the six highest scores are his, a 212 and a 219. In practice he averages well above 150. His principal fault is his inability to roll well in the tournaments, where his average is only 112. Among the other bowlers may be mentioned Wilson, '09—steady, but gets too little practice; Nixon, '11—improving fast; the Holleys, '08—erratic but capable of high scores; Coston, '11,—excellent when steady but too excitable; Simmons, '08, fair only, on account of inability to pick spares; Baldwin, '10, and Clark, '08—steady, but not rolling very high.

On the whole, the bowling has reached a much higher plane than it had at first. Newcomers to the game, as Hastings, L. Leavenworth, Wilcox, and Blodgett, are improving very fast and are liable to jump into the limelight at any time, as White has done.
